Nursery Chronicle

Awakening the senses

The children at the nursery alternated between outdoor games and Taste Week.

Kindergarten Chronicle

Let's get started on this year's project!

The MS children treated all the preschool students to a surprise snack: carrot soup and delicious apple cake.

The MS and PS classes also shared a breakfast in German, based on our theme of opposites.

As for the GS, they tasted pears in two forms, raw and cooked - compote. It's fun to eat opposites! 😊

Elementary School Chronicle and 6th Grade

An unforgettable week on the Island of Batz!

Our entire elementary school gathered in Brittany for an extraordinary adventure in the great outdoors.

From walks along coastal paths, marine discoveries, beach games, and community life, everyone had a unique experience!

The children gained independence, curiosity, and confidence, and returned home with heads full of memories, laughter, and sunshine.

Chronicle of the after-school program and day camp

The October Day Camp

During the October break, the children took on the challenge of the "lost treasure guardians mission," then had a thrilling time during the second week with **Halloween-themed** activities.
